Property Sales Insights

Revenue & Sales Overview

Revenue By Month :

- **July** records the highest revenue across the year indicating a **strong mid-year seasonality** that warrants intensified marketing campaigns one month prior to capitalize on peak demand
- **October and November** register the lowest revenue management should consider **promotional pricing strategies or incentive packages** during this period to stimulate demand

Revenue By Country :

- **Italy and Japan** lead all markets deserve **higher marketing budget allocation** and strategic expansion investment
- **Canada** ranks last despite being a major market requires an **immediate review of pricing strategy and market presence**
- Revenue distribution across countries shows **healthy geographic diversification** reducing dependency on a single market

Revenue By Channels :

- **Broker** channel dominates at **41%** broker relationships are a **strategic asset that must be maintained and developed**
- **Direct** channel is lowest at **28%** but carries the **highest profit margin** with no commission costs worthy of increased investment
- **Online** at **31%** represents a **low cost growth opportunity** through digital presence enhancement

Property Sales Insights

Expense & Financial Overview

Total Amount By Expense Type

- **Property Taxes** consume **38.85%** of total expenses the single highest cost driver
- **Maintenance** follows closely at **38.68%** combined they represent **77% of all expenses** requiring strict cost control
- **Renovation** at **22.47%** is the lowest expense but **adds the most long-term property value**

Revenue By Expense Type :

- **Property Taxes** generate **37%** of revenue against **38.85%** of costs a **tight margin that requires close monitoring**
- **Renovation** generates **36%** of revenue against only **22.47%** of costs delivering the **highest ROI** and justifying increased investment
- **Maintenance** shows balanced cost-to-revenue ratio considered **operationally stable**

Clients By Payment Type :

- **96 clients (60%)** have not yet paid a significant financial risk requiring **immediate credit policy review**
- **64 clients (40%)** are fully paid their profile should be studied to **target similar high-quality clients**
- The 60/40 split suggests the need for **stricter payment terms** in future contracts

Property Sales Insights

Client & Property Overview

Property Price By Occupation :

- **Lawyers** purchase the highest-priced properties the top-spending segment deserving **VIP client services and premium offerings**
- **Programmers and Artists** rank second a growing young segment that warrants **tailored property products**
- **Teachers** show the lowest spending can be targeted with **affordable housing units or flexible financing options**

Property Amount & Revenue By Occupation :

- **Renovation** shows the narrowest gap between Total Amount and Revenue meaning the **highest efficiency in converting cost to income**
- **Property Taxes** show the widest gap lowest conversion efficiency and should be **optimized wherever legally possible**
- Results support the strategic decision to **increase renovation project allocation**

Properties Sold By Year :

- **2023** recorded peak sales performance the best operational year
- **2024** shows a **sharp decline** requires immediate investigation whether cause is market driven or internal
- The downward trend from 2023 to 2024 is a **critical warning signal** demanding urgent strategic review

Property Sales Insights

Key Strategic Recommendation

- .Prioritizing Renovation projects
- .Direct Sales channel
- .Toronto/Rome/Tokyo locations while enforcing a strict collection policy represents the fastest path to maximizing profitability in 2025
